There is a comprehensive list of postcodes in greater London. You are able to add more should you need to. This list will indicate the longitude and latitude co-ordinates of each postcode.

Name	Postcod	Address	Longitud	Latitude	ADD NEW CLIENT
Sample 1	NW2 7LJ	Made Up Street, London	-0.244468	51.564929	
Sample 2	SW18 5JL	Created Road, London	-0.199554	51.448282	
Sample 3	BR3 3PS	Make-Believe Avenue, London	-0.036827	51.402657	
Sample 4	BR1 2BZ	Another Place, London	0.041584	51.399024	

You are able to add all of your client's details. Add their name, postcode, and address, and the longitude and latitude co-ordinates will automatically appear (from the postcode list).

Company Name	Postcode	Address	Hand written notes only
Sample 1	NW2 7LJ	Made Up Street, London	
Sample 2	SW18 5JL	Created Road, London	
Sample 3	BR3 3PS	Make-Believe Avenue, London	
Sample 4	BR1 2BZ	Another Place, London	

Once your databases are up to date, all that is required is to select the company name from the drop down list, and you're done. There is enough space to insert 25 visits. 5 per day per week with one extra, or 25 in total as you wish!

This map with visitation locations is automatically plotted! All on one page with the client details, ready to be printed out and taken on the road!

This spreadsheet is ideal for sales reps based in greater London. We are able to customise it to other areas if required. Please don't hesitate to contact us if you require this, or any other bespoke spreadsheet! Check out what we do by clicking the image below and then services.
